Annual Reports
of the
TOWN OF EXETER

FOR THE YEAR ENDING DECEMBER 31, 1962

SELECTMEN AND TOWN MANAGER

Front row: Selectmen Thomas H. Cronshaw, Dean J. Thorp (chairman) and John J. Cahill; standing: Town Manager Elton O. Feeney.

The picture on the front cover of our Town Report this year is that of the late John E. Lary, a Selectman who died in 1962.

Mr. Lary came to Exeter at the age of 16. He was graduated from the Exeter High School in 1910.

His first interest in town affairs came when he joined the Fire Department on April 2, 1913. He served for 31 years with Steamer Co. No. 1 and with the Hook and Ladder Co. No. 1 and was Clerk of both companies for many years.

Mr. Lary was elected Selectman in March 1941 and was serving his 8th term at the time of his death, having been a selectman for 22 years.

John E. Lary had been associated with the Higgins Ice Cream Company for 43 years and for many years was a partner with Lyman E. Collishaw in the operation of its business.

The pictures in this report are by Ben's Foto Shop.

Town Warrant

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Exeter, in the
County of Rockingham, in said State, qualified to
vote in Town Affairs:* [L. S.]

You are hereby notified to meet at the Town Hall in said Exeter on Tuesday, the 12th day of March. next, at ten of the clock in the forenoon to choose all necessary Town Officers, for the year ensuing, by ballot, the polls to be opened at ten of the clock in the forenoon and to close not earlier than six of the clock in the afternoon, and to act upon the following subjects:

1st. To choose by ballot and plurality vote a town clerk.

2nd. To choose by ballot and plurality vote one selectman for three years.

3rd. To choose by ballot and plurality vote one selectman for the term of two years.

4th. To choose by ballot and plurality vote one trustee of the Robinson Fund for the term of seven years.

5th. To choose by ballot and plurality vote one trustee of the trust funds held by the Town of Exeter, to hold office for three years.

6th. To choose by ballot and plurality vote one trustee of the Swasey Parkway for three years.

7th. To choose all other necessary town officers, auditors, or committees for the ensuing year.

8th. To see what sums of money the Town will raise and appropriate for the maintenance of the poor, for repairing highways, for repairing and building bridges, for repairing and building sidewalks, for building drains and sewers, for oiling streets, for payments of the town debt, for lighting streets, for defraying expenses of decorating the graves of soldiers, for preventing the spread of insect pests within the town, for the payment of firemen for the ensuing year, and for other charges arising within the Town.

9th. To hear the reports of agents, auditors, and other officers and committees heretofore chosen and pass any vote arising therefrom.

10th. To see if the Town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money in anticipation of taxes.

11th. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of revenue of the water department.

12th. To see if the Town will vote to raise and appropriate for the issuance and distribution of printed matter to call attention to the resources of the Town and to assist on planning and development for the benefit of the Town in cooperation with other towns coordinated in the Seacoast Regional Development Association, the sum of five hundred dollars (\$500.00).

13th. To see if the Town will vote to authorize the Selectmen to have an annual Town Audit made by the Municipal Accounting Division of the State Tax Commission or an accountant approved by it and expend a reasonable amount for the same.

14th. To see if the Town will vote to authorize the Selectmen to sell property of the Town acquired by tax collector's deeds as the result of tax sales.

15th. To see if the Town will vote to authorize the Selectmen to engage the services of the State Tax Commission to make an appraisal of real estate in the Town and appropriate the sum of seventeen thousand five hundred dollars (\$17,500.00) for the same, such amount payable in three annual installments, the first installment being payable during the year 1963.

16th. To see if the Town will vote to construct, equip, and maintain a sewerage system and sewage treatment facilities, as outlined in the initial phase of the "Report on Proposed Sewerage System and Sewage Treatment, Exeter, New Hampshire," dated April, 1962, and prepared by Whitman and Howard, Inc., Boston, Massachusetts, consulting engineers, to the Town of Exeter, and pass any vote relating thereto.

17th. To see if the Town will vote to authorize the Selectmen to apply, negotiate and do all other things

necessary to obtain such Federal, State, or other assistance as may be available in the construction of a sewerage disposal system, and pass any vote relating thereto.

18th. To see if the Town will vote to raise and appropriate an amount not exceeding one million three hundred thousand dollars (\$1,300,000.00) for the purpose of financing and constructing a municipal sewage disposal system, including sewerage, interceptors, pumping stations, treatment works, and such other related facilities inclusive of land acquisition, easements and rights of way as are required, such sum to be raised by the issuance of serial notes or bonds under and in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Statutes annotated 1955 and any amendments thereto), and to authorize the Selectmen to issue and negotiate such notes or bonds and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such notes or bonds, as shall be in the best interest of the Town and pass any vote relating thereto.

19th. On petition of Edmund J. Stegner and nine others to see if the Town of Exeter will appropriate the sum of one hundred twenty five thousand dollars (\$125,000.00) to be used to construct public parking facilities in the rear of the Water Street Stores and the Squamscott River, from the Phillips Exeter Academy Boat House to the rear of the Rockingham National Bank Building and Sears, Roebuck Building. Necessary consent to be obtained for this construction from the U. S. Army Corps of Engineers, Waltham, Mass., such sum to be raised by the issuance of serial notes or bonds under and in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Statutes annotated 1955 and any amendments thereto), and to authorize the Selectmen to issue and negotiate such notes or bonds and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such notes or bonds, as shall be in the best interest of the Town and pass any vote relating thereto.

20th. On petition of Arthur Tufts and nine others to see if the Town will vote to authorize the Board of Selectmen to delegate to the Community Center Commission the power to administer and supervise a system of public recreation and the power to employ a Community Center Director and Playground Instructors and to appropriate the sum of four thousand five hundred dollars (\$4,500.00) for this purpose for the balance of the year 1963.

21st. To see if the Town will approve, ratify and confirm the actions of the Selectmen of Exeter in advertising for sale at public auction a certain tract of land situate in Exeter, the sale of said land at said public auction for \$740.00 to William Godet of Marblehead, Mass., and the execution and delivery by said Selectmen of a quitclaim deed dated March 26, 1962, recorded in Rockingham County Registry of Deeds, Book 1619, Page 353, conveying said property to said Godet.

22nd. On petition of Francis M. Sinclair and fifty-five others to see if the Town will vote to appropriate the sum of three thousand sixty-five dollars (\$3,065.00) to install five fire alarm boxes on Newmarket Road. The location of the boxes to be decided by the Fire Chief.

23rd. On petition of Richard I. LaPerle and seventeen others to see if the Town will vote to appropriate the sum of three thousand five hundred dollars (\$3,500.00) to be matched by existing Federal funds for the construction of a Civil Defense Training and Control Center at the Central Fire Station on Court Street, to provide a central location for Civil Defense Training and the continued functioning of Town Government and its essential agencies in the event of the occurrence of disaster resulting from enemy attack, sabotage, or other hostile action, or from fire, flood, hurricane or other natural causes in order that the Town of Exeter may be more adequately prepared to cope with such disaster.

24th. On petition of Benjamin F. Swiezynski, Jr., and ten others to see if the Town will vote to appropriate the sum of two hundred dollars (\$200.00) for conducting a Halloween party for Exeter children.

25th. On petition of Robert Shaw and nine others to see if the Town will vote to adopt the provisions of the Municipal Budget Law.

26th. On petition of Leo Bouchard and ten others to see if the Town will vote to authorize the establishment of a Capital Reserve Fund for the Fire Department, the money thereby appropriated to be used for the purchase of new equipment, and the sum of three thousand five hundred dollars (\$3,500.00) to be appropriated therefor.

27th. On petition of Richard I. LaPerle and ten others to see if the Town will vote to raise and appropriate the sum of three hundred and ninety dollars and sixty cents (\$390.60) as the Town's share to provide Blue Cross and Blue Shield Insurance for the permanent men of the Fire Department.

28th. On petition of Richard I. LaPerle and eleven others to see if the Town will constitute Richard I. LaPerle, Theodore Nowak, Edward B. Miles, Edwin L. Saari, Harry B. Thayer, Jr., James Griswold, Robert Shaw, Norman Morrisette, Joseph Morrison, Harry Marcotte, Robert Varrill, Stephen Wheeler, Jr., John Henry, Thaddeus Klemarczyk, Michael Dagostino, George R. Scammon, Joseph Gaulin, Raymond Hoyt, Francis Broderick, George Mead, Coleman Hogan, and the three present Selectmen, or their successors in office, a committee to investigate, consider and report with their recommendations to the Board of Selectmen of the Town at a Special Town Meeting or the next Annual Town Meeting, the various forms of Town Government that might be adopted for the Town of Exeter.

29th. On petition of Richard I. LaPerle and seventeen others to see if the Town of Exeter will appropriate the sum of three thousand dollars (\$3,000.00) for the construction of an addition to the Central Fire Station on Court Street, such addition to be adjacent to the existing structure and on top of the proposed Civil Defense Training and Control Center and to be used to house an ambulance or other rescue vehicle.

30th. On petition of Paul S. LaPerle and ten others to see if the Town will vote to raise and appropriate

the sum of twelve hundred dollars (\$1,200.00) for the purpose of seven band concerts to be played during the summer of 1963.

31st. To see if the Town will vote to appropriate the sum of two thousand six hundred fifty dollars (\$2,650.00) to acquire and erect a granite monument commemorating the services of all Exeter men and women who have served in any branch of the Armed Forces of the United States of America during armed conflicts.

32nd. To see if the Town will vote to raise and appropriate the sum of twelve thousand dollars (\$12,000.00) to be expended over a period of five years towards the establishing and construction of a general aviation airport in the Town of Stratham as recommended and approved by New Hampshire Aeronautics Commission and the Federal Aviation Agency.

33rd. To see if the Town will vote to accept by gift the ambulance and equipment of Brewitt Funeral Service, as outlined in its letter dated February 4, 1963, and to authorize the Selectmen to establish and regulate an ambulance service for the Town.

34th. To see if the Town will vote to raise and appropriate the sum of five thousand five hundred dollars (\$5,500.00), the proposed budget for the Civil Defense Department of the Town for the fiscal year 1963.

35th. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 25th day of February, in the year of our Lord, nineteen hundred and sixty-three.

DEAN J. THORP,
THOMAS H. CRONSHAW,
JOHN J. CAHILL,

Selectmen of Exeter, N. H.

Town Manager's Report

*To the Honorable Board of Selectmen and the Citizens
of the Town of Exeter:*

Herewith is a report of the financial status of the town and a summary of activities with receipts and expenditures for the year 1962, three hundred and twenty-four years of existence as a town since it was established in 1638.

I again want to express my appreciation for the cooperation given me by the Board of Selectmen, the heads of the various departments, the employees of these departments, and all the elected officials of the town. Without the cooperation of all concerned, successful administration is not possible.

Not wishing to be repetitious, I shall not attempt to go into detail about activities in all departments. The reports of each division head and committee chairmen are included in the following pages.

This past year the preliminary report of the sewer survey has been completed and our consulting engineers, Whitman & Howard, Inc., have indicated to us the amount necessary for the town to raise by a bond issue to accomplish the construction of facilities demanded by the State of New Hampshire. This work must be started in the year 1963. Voters of the town must realize that we, with other communities in the Great Bay area, have no choice but to comply with directives of the New Hampshire State Water Pollution Commission. Articles appear in the Town Warrant asking for action by the townspeople.

We have completed our survey of a new gravel-packed well to augment our present water supply. We hope to complete work on this well, equipment and main extension by early spring.

In 1963 we are creating a new department of the Town, the Department of Public Works. This brings

the Water Department and the Highway Department under one head and will promote added efficiency by coordinating labor and equipment pools and simplifying correlation of effort. Our Superintendent of Highways for the past 16 years, Gordon Ray, will head this new department, and I am pleased that we have a man of his caliber to call upon.

In conclusion, may I reiterate the expression of appreciation to all people of the Town of Exeter who have been so considerate and understanding of my endeavors to promote progress and service to the community.

ELTON O. FEENEY,

Town Manager, Exeter, N. H.

Committee on Recommendations

Report of Examination and Audit

HUNT'S ACCOUNTING SERVICE
5 MORNINGSIDE DRIVE
HAMPTON, NEW HAMPSHIRE

February 8, 1963.

Board of Selectmen
Exeter, New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1962, made by Hunt's Accounting Service, as requested by the vote of your Town.

Scope of Audit

All Departmental Divisions of the Town Government were audited: The Board of of Selectmen, Treasurer, Clerk, Tax Collector, Trustees of Trust Funds, Clerk of Municipal Court, Library, Swasey Parkway, Parking Meters and Water Department.

Financial Statements

Exhibit A-1 contains the Comparative Balance Sheets, as of December 31, 1961, and December 31, 1962. The Assets and Liabilities are shown with the excess of Liabilities over Assets showing a Net Debt of \$51,644.00 for 1962, as compared to a Net Debt of \$28,087.09 for 1961. The Current Liability ratio exceeds the Current Asset ratio by \$15,644.00

Exhibit A-2 shows the analysis of change in Debt. Exhibit A-3 shows appropriations as raised by the vote of the Town, receipts and reimbursements of appropriations, expenditures and balances as under-expended and over-expended. The final over-expended balance of appropriations was \$27,242.43.

Exhibit A-4 shows anticipated revenue sources and amounts actually received by the Town. The final excess of revenues anticipated over actual receipts was \$484.50. The Town had a net budget deficit of \$27,726.93 for the fiscal year ended December 31, 1962.

Departments

Exhibits B-1 through I show summaries of each Department's receipts, expenditures and proof of balance. All monies were accounted for by reconciling with depository banks.

Verification notices were sent out on all delinquent taxes for the Levy of 1962.

General Comments

The financial condition of the Town was considerable worse at the close of 1962 over the close of 1961. This was created through over-spending and over-estimating revenues. This is a suggestion from the auditing viewpoint — it is hard to determine a year in advance what the weather elements will be or what the relief load will be, but the balances of appropriations should be checked more often and an effort should be made to spend closer to the budget. Revenues were also over-estimated in 1962. More attention is needed in this area. Estimates should be on the conservative side rather than the excessive side.

Total receipts for the year 1962 were \$1,639,160.31, expenditures were \$1,651,422.47.

To the officials of the Town, many thanks for the cooperation given to me during the course of the audit.

Very truly yours,

HERBERT E. HUNT,
Auditor.

Certificate of Audit

This is to certify that the books and records of the Town of Exeter have been audited for the fiscal year ended December 31, 1962.

The following Exhibits show the financial condition, appropriations, receipts and expenditures of the Town for the fiscal year ended December 31, 1962.

Respectfully submitted,

HERBERT E. HUNT,
Auditor.

INDEX

EXHIBITS:

Financial Information:

- A-1 — Comparative Balance Sheets — As of December 31, 1961, and December 31, 1962
- A-2 — Analysis of Change in Financial Condition
- A-3 — Comparative Statement of Appropriations and Expenditures
- A-4 — Statement of Estimated and Actual Revenues and Budget Summary

Treasurer:

- B-1 — Classified Statement of Receipts and Expenditures
- B-2 — Summary of Receipts, Expenditures and Proof of Balance

Tax Collector:

- C-1 — Summary of Warrant — Levy of 1962
- C-2 — Summary of Warrants — Prior Years
- C-3 — Summary of Tax Sale Accounts

Clerk:

- D — Statement of Town Clerk's Accounts

Swasey Parkway:

- E — Statement of Swasey Parkway Receipts, Expenditures and Proof of Balance

Municipal Court:

- F — Statement of Municipal Court Receipts, Expenditures and Proof of Balance

Library:

- G — Statement of Library Receipts, Expenditures and Proof of Balance

Trust Funds:

- H — Summary of Trust Fund Principal, Income and Investments

Parking Meters:

- I — Summary of Parking Meter Account and Proof of Balance

Indebtedness:

- J — Statement of Bonded Debt, Showing Annual Maturities of Principal and Interest

Surety Bonds:

- K — Town Officers' Surety Bonds

Disbursements	\$10,425.41
Balance	\$ 1,976.81

This past year, in September, the department secured the services of two women for traffic control at primary school crosswalks. Numerous pleasant comments concerning this service have been tendered and in my opinion is well worth the cost. It has filled a long felt need in that it releases the cruiser officer from this function to attend to other important duties expected of police.

Suggestions have been offered that meter officers be replaced with meter maids so-called. If it were simply a matter of tagging cars in violation of the meter ordinance, these suggestions could be seriously considered, but the men perform multiple duties plus being a strong deterrent to hold ups and other criminal acts in your business section.

To compare total department statistics with other years would involve considerable research and impossible in the time allotted. At times many miles of travel and man power hours are consumed investigating a not too serious complaint. Patrol mileage was increased in 1961 in an effort to combat thefts, burglaries, vandalism and traffic control and this year the patrol mileage was approximately the same. Much of this in-

crease was caused by the geographical location of relatively new business establishments which must be checked periodically throughout each night to curb in so far as possible these thefts and other crimes as well as to watch for fires. Vandalism complaints increased approximately one third over 1961 and appear to be more expensive to property owners in dollars and cents even though many were cleared by arrest or by exceptional clearance with other cases still pending. The auto accident reports show approximately the same total number reported or investigated but property damage appears to be considerably more this past year in that many accidents were of a serious nature with more personal injuries and two fatalities.

To those that have co-operated with this department throughout the year 1962 in upholding the law, I am deeply indebted and I thank you.

Ray, superintendent; George Higgins, assistant supt., highway div.; George Marion, assistant supt., water div.; Barton Witham, foreman, highway div.; John Chase, foreman, water div.; Gordon Wetherell, Raymond Smith, John Tucker, Daniel Davis, George Ouellette, Robert Strout, James Dupre, Russell Readle, Thornton Ross, Ralph Bowley and Gary Gallagher.

Highway Department Report

For the Year 1962

To the Honorable Board of Selectmen and the Town Manager:

The following is my report covering some of the activities of the department during the year.

In our winter maintenance operations during the month of January, 1962, we were left with over thirty (30) inches of snow to take care of from the last week of December, 1961.

During January, 1962, we had only two (2) storms with a total of six and one half inches ($6\frac{1}{2}$) of snow plus three (3) sleet storms.

February was the worst month, as usual. It was the worst February in a twenty-eight (28) year period. There was a total of seven (7) storms. Of these, four (4) were of the blizzard type. We got all seven (7) storms within a period of eleven (11) days, February 14th through the 24th with a total of thirty-one and one half ($31\frac{1}{2}$) inches of snow for the month. The temperatures were way below normal. It was the coldest February since 1958.

March gave us about seven (7) inches of snow and high winds. On the 6th and 7th of the month high winds and drifting conditions kept the plows going for two (2) days and one (1) night.

The last two (2) months of 1962 were very good to us with only two (2) storms in December, on the 22nd and on December 24th, Christmas Eve.

About the same amount of sand and salt was used during the year as usual.

Our Town Manager Feeney, as usual, was a great help with his around the clock checking of street and road conditions during the winter.

Our summer maintenance operations were about the same as usual. The materials used were about the

same as 1961 except that we used more asphalt and sand and covered a few more streets and roads.

We were left with a condition on Crawford Street that has cost us quite a sum through no fault of ours. We will have to finish rebuilding this year. Chestnut Street and Mill Hill Corner were improved by tree removal and widening and paving of same.

The foot bridge in the park was completely rebuilt with new flooring and painting.

A start was made on widening Buzell Ave. late in the year by removal of trees and resetting of the hedge and poles. This will be completed in the spring.

In the sewer division, a few drainage problems were corrected. The usual telephone calls for service at all times of the day and night were received.

The rubbish collection service continues to increase as the population does.

All street and traffic signs, parking meter posts are maintained by the department including painting of traffic and parking lines and parking lots.

In closing I wish to thank all the town officers and other departments, also the citizens of the town for their help to us in trying to perform our many duties in the department.

GORDON A. RAY,
Superintendent.

Report of the Superintendent of Exeter Water Department

Report of Operations for the Year 1962

	<i>Gallons</i>
Pumped by electric power at Lary Lane Station	180,299,800
Pumped by diesel power at Lary Lane Station	784,000
Pumped by gasoline power at Portsmouth Avenue Station	2,574,530
Total Gallons	183,658,330
Average amount pumped per day	503,174
Maximum pumped in one day (August 7th.)	944,000
Minimum pumped in one day (Dec. 25th)	317,000
Total time pumps in operation	7,521 Hrs. 10 Min.
Average time per day in operation	20 Hrs. 37 Min.
Number of services at first of the year	1,779
Number of new services installed	45
Number of services at end of the year	1,824
Number of services renewed or repaired	28
Number of meters tested and repaired	160
Number of new meters installed	38
Number of new fire hydrants installed	3
Number of hydrants at end of year (including 4 private)	129
Number of hydrants repaired	3
Number of hydrants replaced	1

All hydrants were inspected and flushed when necessary and snow removed from them in winter.

The following extensions were made to mains:

<i>Location</i>	<i>Size</i>	<i>Length</i>
Bayberry Lane	6 inch	70 ft.
Crawford Avenue to Bell Avenue	6 inch	389 ft.
Downing Court from Leary Court	6 inch	550 ft.
Wayside Drive from Hampton Road	6 inch	374 ft.

1962 was a busy one for this department. As the population of the town increases so does the number of services. On our peak day as shown above we pumped over 100,000 gallons more than on the peak day in 1961.

Our need at this time is more water which we must have in order to give proper service.

During the year there were 90 days when we pumped around the clock. During the last of June and the first of July, there were 15 days when the pump did not stop.

We hope we will get relief before another summer. Much work has been done on this problem.

We wish to thank the Highway Department for their assistance when needed, also the Police Department for their help at various times.

Respectfully submitted,

GEORGE G. BEAN,
Superintendent.

Public Library Report

It is a pleasure in presenting this report to call attention to the highlights of activities and services rendered during the past year.

One of the constructive projects was the Weeding Workshop held at our library for the neighborhood librarians, sponsored by the State Library. Mrs. Rachel Sanborn, book mobile librarian, gave excellent advise and assistance on how the work should be carried out. For example books which haven't circulated for several years, badly soiled ones and those that contain outdated material should be withdrawn to make room for new acquisitions.

In April the reference and reading room floors were refinished. Many of our patrons expressed favorable comments on the excellent job.

A discussion meeting concerning the Governor's Survey Committee for better New Hampshire libraries was held at our library in January. Mrs. Lois Markey of Concord was the moderator for the panel. Mrs. Roberta Craig, North Hampton; Mrs. Alfred Pickering, Newington; Mrs. Dolber Blodgett, Kensington, and your librarian were the panel members. Mrs. Mildred McKay, state librarian, was also present and participated in the discussion.

National Library Week was observed April 18th through the 14th. A special event of the week was the morning coffee hour held for the purpose of seeing if there were citizens interested in forming a Friends of the Library Group. Mrs. Myrtle McIntyre from the Hamilton S. Putnam and Associates of Concord explained how to form such a group. As a result a Friends of the Library Group was formed with Mrs. Carl Schneider from Emerson School, president, and Mrs. Roger Sloan, secretary and treasurer. The members have rendered valuable assistance to us. They have helped mornings with our weeding out of books

which is a continuous project. Three members have taken over the delivery of books to the Eventide Home once a month and this cooperation has been greatly appreciated by the staff and the Home as well. More members are needed so persons interested should contact the officers. Dues are only fifty cents a year.

The Historical Society case contained two outstanding displays, mirror knobs and antique snuff boxes. Credit for the excellent and artistic displays is due to Mr. William Dudley, president of the Society.

Circulation increased in the adult department, which was not surprising since many new people have come to Exeter. Five hundred and sixteen more books were drawn out than in the previous year. It dropped 2,979 in the juvenile room but this is not alarming because St. Michael's School has enlarged their library and the Elementary School has a good one also. As a result the teachers do not have to borrow such large quantities of books as in former years. However, the number of children borrowing continues to increase.

Reference work in both departments continues to gain. Because of this we are allowing eighth graders the privilege of using the adult reference room when necessary. We also receive many telephone calls asking for help and letters which are requests for genealogical needs.

Cooperation at all times by the staff is much appreciated. The library committee's assistance and loyal support is most gratifying.

Respectfully submitted,

HARRIETTE M. PIRNIE,
Librarian.

Exeter Community Center

The Exeter Community Center has completed a fourth year of service to the community. It has provided a meeting place and workshop for the Exeter Players, Boy Scouts, Girl Scouts, P.-T.A. rehearsals of "Pinocchio" and "Rumplestiltskin," Junior Women's Club Annual Supper, Family Services Committee, Gray-Y, Cub Scouts, adult and childrens' ceramic classes, Exeter Amateur Radio Society, and the Conservative Baptist Church of America. In addition, the center has sponsored two polio clinics and served as a collection post for Goodwill Industries. The Home Demonstration Group in Exeter held workshops to help homemakers with food, clothing, home management, health, public affairs and human relations. The American Red Cross and State Visiting Public Nurse and Exeter District Nurse rent office space in the building.

This year the Community Center Commission assumed responsibility for the Exeter summer playgrounds in cooperation with the school board. The six-week schedule featured special events each week, athletics, games, story-telling, arts and crafts and baton twirling. Facilities at both the Robinson Seminary grounds and the Community Center were utilized. The full time staff attended a summer leaders' workshop at Laconia. A building was constructed on the Seminary grounds to house toilet facilities, and Little Seminary grounds to house toilet facilities, and playground and Little League equipment. This project was financed primarily through private donation in a fund-raising campaign by the Community Center Commission.

The Commission this year continued the very successful Saturday Morning Program for Elementary school boys and girls. Activities included games, singing, arts and crafts, athletics and ceramic lessons. Christmas vacation featured caroling downtown, a party, and a Doll and Hobby Show at the center.

Other programs sponsored by the Commission included young men's basketball, a gun safety course, and pee wee hockey (in conjunction with Jaycees).

A committee has been formed with representatives from Exeter High School and Phillips Exeter Academy to renovate and refurnish a basement room at the Center for use as a crafts workshop. This committee is also recruiting young people from both schools to carry out future community projects under sponsorship of the Community Center Commission.

In addition to the on-going programs, projected plans for the coming year include a summer program for teenagers, coffee socials for senior citizens, and a professional survey of youth needs in Exeter. This survey will dictate further programs in this area.

It is the conclusion of the Commission that full time professional leadership must be secured now in order to continue a high standard of service to Exeter and to utilize to best advantage the existing facilities. The Community Center can be of real and lasting benefit to Exeter.

The past four years has shown a tremendous growth in the usefulness of the Community Center to people of every age and interest in the community. Its future success in meeting these steadily growing opportunities can no longer be assured by volunteer and part-time leadership.

PATRICIA E. SCHWARTZ,
JOHN A. ANDERSON,
ROSWELL O. MOORE,
ARTHUR TUFTS,
BARBARA E. COOPER.

Exeter Visiting Nurse Association—1962

Nurse Chamberlain made 1,487 calls this year — 431 more calls than the preceding year — and the Committee feels that her progress has been most satisfactory, showing a continuing and increasing need for her services in the community. In addition to her regular calls for nursing care, hypodermics, bed baths, etc., she has initiated or expanded such services as working with polio clinics; helping with the Christmas party for the needy children of Exeter at the Portsmouth Navy Yard; keeping a card file of Exeter births so as to help new mothers and to cooperate with pre-school clinics, instruction work with student nurses.

These services are available to all residents of Exeter. We urge you not to hesitate to call Nurse Chamberlain even though you are unable to pay in full or even in part because this is a public service.

The amount appropriated by the town in 1962 for this service was in excess of that requested by the Committee and the income from fees collected by the nurse exceeded 1961 by the sum of \$416.50. Therefore, the Committee has lowered its request for an appropriation to \$3,400 for 1963.

The Committee wishes to remind the townspeople that the nurse is at their service, that her headquarters are the Community Center, and that her phone number is PR 2-3321.

Visiting Nurse Committee.

Exeter Civil Defense Study Committee

YEAR END REPORT

Exeter, N. H., January, 1963

The Exeter Civil Defense Study Committee was authorized at the last annual town meeting for the purpose of examining Exeter's Civil Defense situation and needs, particularly as regards CD shelters. The committee was appointed by the previous CD director, Mr. Lyman Collishaw and consisted of Mr. Thomas Cronshaw, selectman; Mrs. Flavia Page, school board; Mr. Ernest Gillespie, P.E.A.; Mr. Richard LaPerle, technical advisor, and Mr. George Mead, chairman.

During the period of the committee's work, the federal government conducted a national "Fallout Shelter Survey," the results of which were available in November, 1962. At the beginning, no one on the committee was optimistic enough to believe that Exeter's buildings could shelter more than a fraction of the town's population. Since fallout shelter is the keystone of the national CD program, our major concern was to devise a way to shelter the balance of the population. We knew we had no Civil Defense without an adequate system of shelters.

The first question we had to answer was basic; namely, what bomb effects should a shelter protect against, considering both the probable hazards Exeter would face and the probable cost of each type of protection. The committee did not have sufficient knowledge to decide this question but we recognized that the federal government had access to all the pertinent information. At the suggestion of Senator Norris Cotton, I wrote to the Assistant Secretary of Defense for Civil Defense, Mr. Stuart Pittman, asking for his help. Mr. Pittman showed a great deal of interest in our problem and directed that the federal experts from the CD region I headquarters in Harvard, Mass., get together with our committee to help us in any way they could.

Accordingly, a meeting was arranged for Dec. 6, 1962 to be held in Exeter. At this meeting, the four federal experts from Harvard, Mass.; Mr. Burgess Hodges from state CD headquarters, Mr. Witmer and Mr. Dennis of Witmer Associates (the engineering firm which conducted the Federal Fallout Shelter Survey for

this area) met with an Exeter group that included selectmen Thomas Cronshaw and John Cahill, town manager, police and fire chiefs, school superintendent, hospital administrator as well as Exeter's CD study committee and others who would be directly concerned with a Civil Defense emergency.

Thanks to the government authorities and the interest shown by all participants, this meeting went far in answering the basic questions about the best direction for Exeter's CD preparations. The main points pinned down during this meeting were the following:

1.) In the event of a nuclear attack upon this country, Exeter can almost certainly expect to receive a dangerous level of radioactive fallout from the rest of the country if not from Portsmouth. There is no area of our country which could realistically expect to escape this fallout hazard.

2.) The danger from radioactive fallout can be avoided if, and only if, adequate fallout shelters are available, having a so-called protection factor of 100 or better.

Note: Protection factor refers to the fraction of radiation that penetrates the shelter, i.e.; a protection factor of 100 means that the intensity of radiation inside the shelter is 1/100 of the intensity outside.

3.) The results of the Federal Fallout Shelter Survey indicate that there exists now in Exeter shelter spaces for about 1,700 people (with the protection factor over 100) if the building owners are willing to license them as public shelters. Furthermore some 7,000 additional people could be sheltered by making certain improvements to the shielding and ventilation capability of the buildings. The estimated cost of these improvements is \$55,300, or less than \$8.00 per added shelter space. This would result in a total of 8,700 spaces potentially available as public shelters; again, if the owners are willing. This number offers a reasonable hope of sheltering Exeter's entire population.

Note: See tabulation included at the end of this report.

4.) Both federal and state authorities emphasized that preparing a town to meet a Civil Defense emergency requires thorough planning, a good organization and a certain amount of training in addition to fallout shelters. Most important, it depends upon the interested support of the whole town since, in an emergency, every person in the town would be affected.

5.) In addition to fallout hazard, a nuclear bomb has blast and fire effects to be considered. Exeter is relatively fortunate considering its distance from Pease AFB, the size of weapon likely to be used against a target like Pease, and the high ground that forms a partial barrier between Exeter and the airbase. Because of this, chances are good that Exeter would not suffer from blast and fire effects. Protection against blast and fire effects have been found to cost over \$200 per person sheltered and even this would not be effective too close to ground zero.

6.) Last but not least, it is important to recognize that even a nationwide system of fallout shelters could not save everyone. There is no protection for people who happen to be too close to ground zero and, even though the enemy cannot blanket the whole country with bombs, we cannot be certain which targets he might select or which bombs might miss their targets. The most compelling considerations are that the country cannot afford a system of shelters that is 100 per cent effective against all bomb effects but that in the event of a nuclear attack, a nationwide system of fallout shelters could, according to Department of Defense studies, save about 60 million lives. This combined with survivors who needed no fallout protection could result in about 90 million survivors or almost 50 per cent of our country's population.

Following this meeting with the Civil Defense authorities, the committee decided to follow up the encouraging results of the federal "Fallout Shelter Survey" to check the accuracy of the figures and to determine if any buildings in town had been mistakenly left out of the survey.

After discussing ways and means of doing this with Mr. Witmer of Witmer Associates, he offered to have Mr. Dennis spend a day with us inspecting potential shelter areas plus make some further calculations to confirm the protection factor for one building.

Subsequently, Mr. Dennis joined Mr. LaPerle, Mr. Gillespie and myself, and we spent an entire day learning at first hand what makes a good shelter area and what doesn't. The results of this inspection trip are summarized as follows:

The Phillips Exeter Academy buildings contain the great majority of potential shelter spaces in town and furthermore the academy had made an independent study of their value as fallout shelters. In two cases the two sets of results disagreed. We were able, however, to explain the conflict between these two sets of results.

The St. Michael's School had also made an independent study which indicated their basement would qualify as a shelter if the basement windows were bricked in. The work had already begun and this area could accommodate perhaps 400 people. This building had not been included in the federal survey but appeared so promising that we asked Mr. Dennis to calculate a protection factor for this area as it would be when modified. This calculation should be completed soon.

The town library was known to have a solidly built large basement but had been bypassed in the federal survey because it was thought to have a wooden ground floor. Our inspection trip brought out the fact that there are about six inches of masonry hidden in the ground floor. With a moderate amount of improvement, this area could shelter perhaps 300 people.

Besides the above, we inspected the high school, the Exeter Cooperative Bank and the Exeter Hospital. As we anticipated, the high school offered no suitable shelter areas; however, the Cooperative Bank and Exeter Hospital checked out as indicated by the federal survey. There is a natural concern as to the wisdom of compromising the hospital's traditional function by using it as a public shelter, however.

We made one check on the costs estimated in the federal survey for modifying shielding and ventilation. For this we used the figures for The Exeter Inn, which has the largest shelter capacity in town, and found that the dollar estimates appeared adequate for the amount of work required.

The P.E.A. Science Building was found to be a good shelter by the federal survey but as noted by Mr. Gillespie, the basement would fill with water in the event of a power failure so there is doubt that this would make a suitable shelter.

Summarizing, the results of the federal survey appeared in general to be fairly reliable based on this first spot check; however, additional spaces located thus far do not quite balance the spaces that have thus far been found to be unsuitable.

In view of the encouraging number of potential fallout shelter spaces, we feel it is premature to put further effort into investigating special community shelter construction at this time. It is desirable first to determine what we can accomplish with existing buildings. The task assigned to this committee can now be taken over by the new Civil Defense director.

In conclusion, this committee makes the following single recommendation: Give the CD director the support he needs to effectively prepare the town to meet a Civil Defense emergency.

My sincere thanks to the members of the committee for giving generously of their time, their thoughts and their interest to carry out the task assigned to us.

Respectfully submitted,

GEORGE N. J. MEAD,
Chairman.

CIVIL DEFENSE DEPARTMENT
Town of Exeter, New Hampshire

Richard I. LaPerle, Director
 Jack Mead, Deputy Director
 William E. Gillespie, Assistant Director

January 28, 1962.

The following is the proposed budget for the Civil Defense Department, Town of Exeter, New Hampshire, for the fiscal year 1963:

Description	Amount
Printed matter	\$500.00
Shelter management and training	500.00
Surplus property	600.00
Transportation food stuffs and supplies	400.00
New sirens and change over	2,500.00
Communications and insurance	400.00
Auxiliary police and fire equipment	600.00
	<hr/>
Total	\$5,500.00

Signed:

RICHARD I. LAPERLE.

I hereby certify the foregoing to be a true and correct account of the Robinson Fund covering the period from January 1 to December 31, 1962.
January 19, 1963.

JAMES F. DONOVAN,
Treasurer.

Preventing Forest Fires Is Our Responsibility

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2,200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man-caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules:

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 15 fires, including 11 railroad fires. We burned 11 acres. Permits issued, 60.

VINCENT G. TOLAND,
Forest Fire Warden.

MERTON A. WEBBER,
District Fire Chief.

VITAL

I hereby certify that the above return is correct according to the best of my knowledge and belief.

EVELYN H. ZARNOWSKI, Town Clerk.

The above photo is the proposed design of a monument commemorating the services of all Exeter men and women who have been members of any branch of the Armed Forces of the United States in all of our struggles to preserve the liberty and independence of our people.

This structure will be placed at the best suitable site available where its presence will be a continuing inspiration for our younger generation and a constant reminder to all, of the sacrifices and dedication of the men and women who served.

An article appears in the Town Warrant asking the voters to appropriate the sum necessary for its construction.

JOSEPH PLUFF,
STEPHEN WHEELER,
JAMES CRONIN,
REGINALD STEVENSON,
WALTER GADD,

War Memorial Committee.
